CHRISTMAS

## *Can't Cancel Christmas!*

"Cancel" already seemed to be the buzz word of contemporary culture. And now, in every newsfeed we read & every newflash we listen to ... "cancelled" is what we hear. Add it all up and it's hard not to react in frustration or fear; or to accuse others of reacting in frustration or fear. And it's easy to start considering the conspiracy theory du jour.

That's why it's important for us to root ourselves in the solid confidence we have that Christmas can't be cancelled. How we celebrate it will change, but nothing changes the "facts" -- it happened. And the fact that it happened is the foundation for living "believingly" in the God whose plans cannot be cancelled.

We encourage you to join with us in whatever way you can this Christmas season to help you live in the confidence that Christmas can't be cancelled. As you read through this catalogue, look for ...

- Opportunities to help you celebrate Christmas well at home with us, and to stay connected ... or get re-connected with others in our church family;
- Ways you can use these resources to celebrate well with your own extended family; and perhaps ...
- Resources to help you share with others our true "Can't Cancel Christmas" hope ... confidence ... joy ... and peace.

Our prayer is that through these resources we can help you make this the best Christmas possible!
